Section VII: Modifications to the contract/concession

VII.1) Description of the procurement after the modifications

VII.1.1) Main CPV code

- 85145000 - Services provided by medical laboratories

VII.1.3) Place of performance

NUTS code

- UK - United Kingdom

VII.1.4) Description of the procurement:

Labour and equipment to accommodate end point PCR - £1,179,565
End point PCR running costs - £31.05m

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

24 August 2020

End date

14 June 2021

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession:

£114,150,000

VII.1.7) Name and address of the contractor/concessionaire

UK Biocentre Limited

Units 1 & 2, Spectrum Way Adswood, Stockport

Cheshire

SK3 0SA

Country

United Kingdom

NUTS code

- UK - United Kingdom

National registration number

07618653

The contractor/concessionaire is an SME

Yes

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Works and additional operational costs to facilitate the use of ultra-high throughput ePCR to support the National Testing Programme. Labour and equipment to accommodate end point PCR - £1,179,565 End point PCR running costs - £31.05m

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The modifications were undertaken pursuant to Regulation 72(1)(b) of the Public Contract Regulations 2015. As part of the national testing programme, new high throughput ePCR technology was required in order to meet national demand for testing services. Previous proof of concept activity undertaken by UK Biocentre in its Milton Keynes lab means that it had LGC machines already installed and existing experience of operation of ePCR. Moving the ePCR services to a new facility for a period which is potentially less than a year would cause significant inconvenience and/or substantial duplication of costs for DHSC. The increase in price from the modification does not exceed 50% of the value of the original contract.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £82,000,000

Total contract value after the modifications

Value excluding VAT: £114,150,000
