Justification:

SG is working with Ferguson Marine Port Glasgow (FMPG) [a business wholly owned by Scottish Ministers] to understand what improvements and investment could benefit the shipyard to increase its productivity and competitiveness to support it in securing a sustainable future. A window of opportunity has been identified in the yard's current work programme when any improvements identified in this report could be undertaken at a time that minimises any impact on existing projects and is undertaken in advance of the next prospective vessels being built.
