## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Supply of Composite External Doors, Composite Fire Doors, Shed Doors & Gates and Emergency Doors

Reference number

DN611357

#### **II.1.2) Main CPV code**

- 44000000 - Construction structures and materials; auxiliary products to construction (except electric apparatus)

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

The Council employs a building maintenance division called BTS which is also a trading arm of the Council. They use direct labour as well as sub-contractors

The purpose of this tender is to set up a frame work of suppliers for the supply only of various residential doors with the view to awarding a primary provider for each lot. The supply of doors is predominantly for planned work and refurbishment projects however there will be occasion for a quick 'turn around' door of various types which is covered in lot 4.

A provider can bid for all or individual lots but will be expected to provide ALL door types if bidding for lot 4 as detailed in the pricing document.

All quantities in the pricing document are annual indicative quantities. The Councils financial year runs from April to March so some doors will already have been ordered for the 2022-23 program so volumes will be lower this year. There are also no guaranteed volumes for all requirements on this contract at any time.

---
