Section II: Object

II.1) Scope of the procurement

II.1.1) Title

2223-0250-Purchase, installation, ongoing maintenance, data and hosting for Electronic Notice Boards (ENB) on housing estates

Reference number

DN721381

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

The council currently have an infrastructure of 368 Electronic Notice Boards (ENB) and utilise this mobile technology to transmit information to our estate residents and community centres. Electronic notice boards can show images, posters, film, animation, web pages and potentially integrate with other software packages to show live data.

All boards have three interactive buttons to enable internal and external stakeholders to navigate around the electronic notice boards content on the four priority areas. The council has an existing contract for the maintenance, hosting a bespoke media platform and provision of the data sim cards for the council. This re-procurement is to acquire a new contract to ensure service and supply continuity to our ENB's.

This procurement is to acquire a new contract to ensure the goods and services continue to be supplied by the new Service Provider without any break in continuity.

The screens are backlit LED and are energy rated A. They are housed in a vandal proof casing and are predominately placed within communal areas i.e. lobby areas, lifts and walkways to ensure that they are seen by most residents. These locations are identified in collaboration with internal and external stakeholders to ensure there is adequate power

and space for the board.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 30192170 - Notice boards
- 48000000 - Software package and information systems

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The Requirement:

The contract is for the maintenance of our existing 356 electronic noticeboards and future installations and maintenance at other sites where required. The provider will be expected to host and provide a platform for the council to utilise its ENB's for the purposes of conveying messages and information to our residents.

The provider will also be responsible for resolving any network or hardware related issues, ensuring services to residents is maintained throughout the duration of the contract.

Further details will be provided in the invitation to tender.

II.2.5) Award criteria

Quality criterion - Name: Proposed approach to Social value / Weighting: 20

Quality criterion - Name: Proposed approach to quality of electronic notice boards, technical merit / Weighting: 20
