Country

United Kingdom

NUTS code

UKG31 - Birmingham

Internet address(es)

Main address

www.birmingham.ac.uk

Buyer's address

www.birmingham.ac.uk

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Liquid Carbon Dioxide Supply Contract for the Birmingham Institute of Forest Research (BIFoR)

Reference number

FRAM547/22

II.1.2) Main CPV code

- 24112100 - Carbon dioxide

II.1.3) Type of contract

Supplies

II.1.4) Short description

Supply of bulk liquid CO₂ on a 5 year contract basis with an exit clause after 1 year. Ability to fix a competitive price for the first year essential. Need to be able to guarantee supply of between 4,000 and 8,000 tonnes per annum in the differing monthly supply volumes required by the project.

Quotations sought from partners able to supply on the basis above including a fixed price for Year 1 and the ability to exit the contract at end of first year if the University wishes to, resulted in only the selected supplier being able to meet our requirement. This was also affordable against the BIFoR budgetary constraints.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £15,000,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKG24 - Staffordshire CC
- UKG31 - Birmingham

Main site or place of performance

The facility is located on private land in Staffordshire (about a 1-hour drive from the main University).

II.2.4) Description of the procurement

Supply of bulk liquid CO₂ on a 5 year contract basis with an exit clause after 1 year. Ability to fix a competitive price for the first year essential. Need to be able to guarantee supply of between 4,000 and 8,000 tonnes per annum in the differing monthly supply volumes required by the project.

Quotations sought from partners able to supply on the basis above including a fixed price for Year 1 and the ability to exit the contract at end of first year if the University wishes to, resulted in only the selected supplier being able to meet our requirement. This was also affordable against the BIFoR budgetary constraints.

II.2.5) Award criteria

Quality criterion - Name: Quality and Ability to Deliver / Weighting: 50

Price - Weighting: 50

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Supply of bulk liquid CO₂ on a 5 year contract basis with an exit clause after 1 year. Ability to fix a competitive price for the first year essential. Need to be able to guarantee supply of between 4,000 and 8,000 tonnes per annum in the differing monthly supply volumes required by the project.

Quotations sought from partners able to supply on the basis above including a fixed price for Year 1 and the ability to exit the contract at end of first year if the University wishes to, resulted in only the selected supplier being able to meet our requirement. This was also affordable against the BIFoR budgetary constraints.

Clear requests for compliant quotations made to all parties able to supply the required volumes with the additional contractual requirements resulted in only one compliant bid.

IV.1.3) Information about a framework agreement

The procurement involves the establishment of a framework agreement

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession
