II.2.2) Additional CPV code(s)

- 71000000 - Architectural, construction, engineering and inspection services

II.2.3) Place of performance

NUTS codes

- UKK - South West (England)

II.2.4) Description of the procurement

The intention of the framework is to provide additional resources to support Cormac Solutions Ltd's existing design consultancy capabilities to ensure quality service provision to both Cornwall Council and external clients.

The framework is set to commence in November 2022, for an initial duration of seven years, with an option to extend by a further three years. This would give a maximum duration of ten years. The framework value is anticipated to be between £100k to £200k per month over the first twelve months, with an aspirational 5% to 10% growth per annum thereafter.

The framework will cover the following technical services, though we reserve the right to procure specific or specialist services by alternative routes:

- Civil Engineering assessment and design
- Highway assessment and design
- Highway structures assessment and design
- Heritage, residential or commercial property design

- Drainage / hydrology assessment and design
- MEICA assessment and design
- Geotechnical / geoenvironmental assessment and design
- Traffic engineering assessment and design
- Environmental assessment
- Landscape architecture assessment and design
- Urban design
- Transport planning assessment
- Spatial planning
- Technology / electrical assessment and design
- Stakeholder engagement
- Surveys
- NEC3/4 project management support
- Cost planning and estimating services

II.2.14) Additional information

The Tender process:

Fully Open PQQ which will be scored and assessed to determine the Four suppliers to be taken through to the Restricted ITT process.

II.3) Estimated date of publication of contract notice

24 June 2022

Section IV. Procedure

IV.1) Description
