II.1.4) Short description

Public Health England wish to establish a Dynamic Purchasing System of Providers capable of providing Adult Weight Management Services for all Local Authorities (LAs) within England. The DPS will seek to appoint a number of Providers to cover adult behavioural weight management (tier 2) services and support the delivery of the Government's commitment to expanding LAs adult weight management services. These services form part of a wider programme of work, at a national and local level, to help local communities lead healthier lives. The initial grant for these services is expected to be spent by the 31st March 2022. The DPS has been set up for an initial 3 year period with the option to extend for a further 2 years. This is to allow other LAs to use the DPS for Adult Weight Management services at a later date, even if they haven't received grant funding for these types of services. The procurement will follow a Public Contract Regulations 2015 restricted procedure.

VI.3) Additional information

The value of the DPS has been estimated to be in the range of £15,000,000 to £30,379,636.84. The low end of the range value is based on half of the allocation going through the DPS within the first-year. The top end of the range is based on providing flexibility for increasing the potential number of Councils that are able to use the DPS over the period of time to the maximum grant available. The initial grant for Adult Weight Management services is expected to be spent by the 31st March 2022. The DPS has been set up for 36 months with the option to extend for a further 2 years. This is to allow other organisations to use the DPS for Adult Weight Management services at a later date, even if they haven't received grant funding for these types of services.
