Our aim is to launch open tenders and to award contracts to successful providers based on a combination of qualitative and quantitative scores. The new long-term contracts are planned to commence on 1st April 2025.

It is anticipated that the new commissioned services will be responsive and promote the model of strengths-based, preventative and outcome focused support which build effective and meaningful relationships in the borough.

Come and join us, to meet service areas, to hear more about our thinking, to share your thoughts and to see an indicative tender timeframe.
