Description

The Authority is seeking a system that will be compliant with relevant legislation in respect of the management, processing and publication of Digital Traffic Regulation Orders (DTROs). Additionally, there will be a requirement to survey and review existing Traffic Regulation Orders (TROs) on the North Yorkshire network. It is anticipated that up to 5000km of the network will be surveyed. Using completed survey data, the supplier will update the system with up-to-date TRO information and create relevant consolidated TROs.
