I.6) Main activity

Water

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

YWS Unified Endpoint Protection System Integrator - Design, PoC & Rollout

Reference number

CM2439

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

Yorkshire Water (YW) are seeking an Endpoint protection and Security Service Edge (SSE) systems integrator who resells Endpoint Security and SSE. At this stage in the process, YW want to consider the widest variety of options. Therefore, YW would discourage Tool providers partnering with a single Systems Integrator or vice versa. YW reserves the right to contract directly with the Tool providers.

The required services are to complete the staged migration of YWS Endpoint protection services and systems, and on-going maintenance of the newly implemented solution. This notice will result in the appointment of a Systems Integrator (SI) who can provide services across requirements, design, blueprint, proof of Concept (PoC), build, test, deploy, hyper care, rollout/migrate, and ongoing service management for future stages of the service to implement additional capabilities/services, as well as a range of other related services. This may also include the support of the solution once it is implemented.

The suppliers appointed on the contract may also be required to deliver the following kind of services: Project Management, business change management, process design, requirements analysis, solution design, service design, technical advice and planning, quality control, design assurance, system integration, testing, business continuity management, transition into support / provision of support, service retirements, security, and a variety of other services required by YWS from time to time.

Any estimated quantities or values contained or referred to in this or other documentation are for guidance only and do not bind YWS to buy any specific quantities should the

bidder be successful and enter into an Agreement.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 48730000 - Security software package
- 48760000 - Virus protection software package

II.2.3) Place of performance

NUTS codes

- UKE - Yorkshire and the Humber

Main site or place of performance

Yorkshire Region

II.2.4) Description of the procurement

The successful Systems Integrator is required to complete the implementation and ongoing management of Endpoint protection services and systems. This will include Security Service edge (SSE) cloud services as part of a unified solution incorporating agent-based and agentless endpoint protection services. This intends to be a 3 year deal with the potential to extend up to a further 2 years (3+1+1)

II.2.11) Information about options

Options: No

II.2.14) Additional information

Price is not the only award criterion and all criteria are stated only in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2022/S 000-013389](#)

IV.2.9) Information about termination of call for competition in the form of a periodic indicative notice

The contracting entity will not award any further contracts based on the above periodic indicative notice

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

22 May 2023

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body

Yorkshire Water Services
