7.A statement explaining the award decision-makers' reasons for selecting the chosen provider, with reference to the key criteria.

Key Criteria:

1. Quality and Innovation – The provider is a locally run organisation with the key aim to meet local needs. One of their values is to secure quality for their patients. They are in tune with the needs of the local population and adapt the service they provide to ensure they are in line with this.

2. Value – They have consistently over a period of time delivered a valuable service within the available budget allocation.

3. Integration, collaboration, and service sustainability – The Provider works within the local estate using local staff. Therefore, there is close collaboration between ESNEFT and the provider.

4. Improving access, reducing health inequalities, and facilitating choice – Using our local estate in Clacton CDC means that the local population benefit from the service being provided in this location and access is greatly improved. The Provider also oversees part of the Targeted Lung Health Check pathway, which is solely aimed at reducing health inequalities for our population.

5. Social Value – The Provider works across a variety of acute and community settings to support ease of access. They use local workforce to add to their social value
