Health & Safety at Work Act

**Electricity at Works Regulations** 

Transport Scotland - the national transport agency of Scotland

TOPAS (Traffic Open Products & Specifications)

#### III.1.2) Economic and financial standing

List and brief description of selection criteria

To establish the financial standing of a bidder, the Council will:

Take into account a risk report provided independently by Creditsafe. Within such reports, the risk of business failure is expressed as a score ranging from 1 -100. In the event that a company is determined to have a risk failure rating of below 30 i.e. that the company is considered to have a high risk of business failure, the submission will not be considered further. Where the score is 30+ the Council will consider all information available from the report.

Where you are not registered on credit safe e.g. charitable organisations, new start companies and Sole Traders you are to submit 2 years financial accounts, including Profit & Loss Statement and Balance Sheet for consideration.

It should be noted that in addition to the above checks the Council reserves the right at its own discretion to seek such other information from the applicant in accordance with Regulation 61(7) or Regulation 61(8) of the Public Contracts (Scotland) Regulations 2015 to determine the applicant's economic and financial standing. Additional information can include an analysis of turnover, solvency ratios and profitability ratios and will be detailed within the Qualification Envelope question within PCS-Tender. The final decision on bidder inclusion rests with the Council.

The successful tender will be expected to maintain a Creditsafe level of 30+ throughout the contract period. The offer of any extension to the contract will be dependent on an acceptable crediting rating of 30+. The council reserve the right to terminate the contract should the financial standing decline to an unacceptable level.

Tenderers should be aware that any outstanding County Court Judgements will have a detrimental effect on the rating held by Credit Safe and it is your responsibility to ensure that the information held by Credit Safe is accurate and up to date - failure to do so will result in rejection of your submission.

2nd stage assessment - Minimum required turnover per year: 2 x Annual value of 150,000 GBP = 300,000 GBP

Bidders should upload the completed attached document (detailed in the Qualification Envelope) in the General Attachment Area as part of their submission, please ensure that only relevant information requested is submitted, all other information will NOT be considered.

Minimum level(s) of standards possibly required

The Council reserves the right at its own discretion to seek information from the applicant in accordance with Regulation 61(7) or Regulation 61(8) of the Public Contracts (Scotland) Regulations 2015 to determine the Applicant's economic and financial standing. East Renfrewshire Council requires to ensure that the economic operator has the necessary economic and financial capacity to perform and complete the contract. In the current difficult economic environment, the Council seeks to ensure that the contractor who undertakes the works has suitable financial strength and capacity to complete these goods, works or services.

Where an economic operator wishes to be considered for selection under this contract but cannot meet the turnover and/or Credit Safe score of 30 that economic operator must provide financial information which will satisfy the Council that they have an equivalent level of economic and financial standing; and must provide related guarantees or formal assurances to support their right to participate and be considered for any contract award (Regulation 61(8)). Please note that any financial information disclosed should evidence the financial strength of the economic operator tendering, therefore additional supporting information will need to be provided where joint or group accounts are provided in support of a bid to explain to the Council the relevance of that information.

Where the economic bidder relies upon or intends to reply upon any Key Subcontractors in performance of the contract, then the Council reserves the right to assess the financial strength and suitability the Key subcontractor as part of the qualification process; Where the economic operator relies upon a parent company to provide financial assurance in support of their bid, the Council will also reserve the right to seek financial information on

the strength and suitability of the parent company; and

Where the economic operator relies upon the capacity of other parties in respect of selection and/or performance of the contract, then dependent on the nature of the arrangement the Council may require full disclosure of financial information in support of the bid. For example, where the bidder identifies as a consortium the Council will require that the consortium, as a group, can meet the financial selection requirements contained in the procurement documents. Where a bidder is part of a Consortium, it shall procure the execution and delivery to the Employer of a Consortium Guarantee (in the form provided by the council) executed by each member of the Consortium (acting as Consortium guarantor) in Self Proving Form.

The Council reserves the right to monitor that the economic operator continues to meet the financial selection requirements upon receipt of the invitation to tender or after evaluation has been completed and prior to any award being made. Economic operators must inform the Council of any changes to any submission made by them in respect of their financial and or economic situation. The Council will further reserve the right to remove any economic operator from the tendering process where they are no longer able to fulfil any of the selection requirements as directed within the procurement documents.

Further detail is contained within the procurement documents.

Bidders who cannot meet the required level of turnover will be excluded from this tender.

It is a requirement of this contract that bidders hold, or can commit to obtain prior to the commencement of any subsequently awarded contract, the types and levels of insurance indicated below:

Employer's (Compulsory) Liability Insurance = 5 million GBP

Public Liability Insurance 5 million GBP

Professional Indemnity Insurance 2 million GBP

#### III.1.3) Technical and professional ability

List and brief description of selection criteria

All work shall be carried out in compliance with:

IEE Regulations for Electrical Installations BS7671

Health & Safety at Work Act

**Electricity at Works Regulations** 

Transport Scotland – the national transport agency of Scotland

TOPAS (Traffic Open Products & Specifications)

Bidders who intend to use a supply chain to deliver the requirements detailed in the Contract Notice, must confirm they have (or have access to) the relevant supply chain management and tracking systems to ensure a resilient and sustainable supply chain. Bidders must provide a response at SPD Q4.C.4 and this will include confirmation that they have the systems in place to pay subcontractors through the supply chain promptly and effectively, and provide evidence when requested of:

- a) their standard payment terms.
- b) ?95% of all supply chain invoices being paid on time (in accordance with the terms of contract) in the last financial year.

Bidders unable to confirm (b) must provide an improvement plan, signed by their Director, which improves payment performance. It should be noted that where a bidder is unable to confirm or provide a satisfactory improvement plan the Council reserves the right to remove you from the process.

Bidders are required to confirm whether they intend to subcontract and, if so, for what proportion of the contract.

Bidders who intend to subcontract more than 25% to any individual organisation must ensure the SPD (Scotland) - Subcontractors Supplier Response is completed and uploaded at question 2C.1 of the qualification envelope.
