II.1.4) Short description

The Council is committed to partnership working and co-produced redesign of these important services with a focus on early intervention. This is critical to the successful design and delivery of health and care services for our residents. Due to the impact of COVID, and after careful consideration, the Council has decided that more time is needed for partner engagement and co design.

As such a further period of review has been agreed before confirming next steps. The Council will not invite any further expressions of interest at this stage. We would like to thank all those who have expressed an interest so far and will communicate this decision in writing to those who have separately.

If you have any questions please use the messaging system on www.procontract.duenorth.com ref DN546375, or contact Lisa Burrage, Children's Tier 2 Commissioning Lead at BurrageL@ealing.gov.uk.

Lot 1 includes early intervention services offering a model of training, support, advice and consultation for families and professionals involved in their care, alongside a range of timelimited

evidence-based interventions to children, young people and their families within a community setting/school.

Supportive action for families in Ealing (SAFE) is a multi-agency early intervention partnership. Within this a range of staff work via an integrated framework to offer children, young people and families/carers, interventions to address emotional, mental health and wellbeing needs.

Ealing Primary Centre Outreach & CLiPS Teams provide advice, support and interventions to schools, children and families in partnership with other agencies to improve outcomes for children with Social Emotional and Mental Health Needs (SEMH) identified by schools.

MH Support Teams work across education settings as an additional resource to promote resilience and wellbeing, support earlier intervention, enable appropriate signposting, and deliver support and care.
