Scope

Description

This is currently a Request for Information and not a tendering opportunity.

STRIKE NET is a programme aiming to provide the architecture and technology that will enable the movement and exploitation of data between distributed sensors, deciders and

effectors hosted by a mix of crewed, un-crewed and autonomous assets to allow decision support, battlespace management, information exploitation and targeting of effects in a contested battlespace.

The Authority is seeking information on capabilities for planning and executing missions involving Uncrewed Vehicles (UxV) across various domains. Suppliers and market experts are invited to complete this RFI, to provide insight and experience in the subject matter. Further detail can be found within the attached document which can be found on the Defence Sourcing Portal.
