II.1.4) Short description

Genomics England is a company wholly owned and funded by the Department for Health & Social Care. Our vision is a world where everyone benefits from genomic healthcare?. Where genomic data and research are translated rapidly into clinical interpretations, insights, and actions, driving better patient outcomes and lower healthcare costs.

To capitalise on the opportunities within the genomic healthcare sector, and to support the delivery of the government's strategy over the next several years, Genomics England will be developing its services to increase its value offering and keep pace within rapidly growing biotech and life science sectors.

Delivering our aims will involve multiple projects and programmes focused on making improvements in different areas. Genomics England's internal expertise will not always be sufficient to realise the required outcomes therefore Genomics England will draw on external partners with the necessary expertise and capacity to support delivery by establishing a framework of partners to supply the following types of services across Lots:

Lot 1 a Design and Research Services - onshore
