### II.1.4) Short description

SWR has an appetite to digitise and streamline many processes across the business. This

aligns with the broader strategic aim of fully utilising the tablet and phone devices issued to

Page 3 to 5

front line teams - enabling them to reduce paperwork and remove repetitive and inefficient

data capture. The requirement in brief is to procure an application that is device agnostic,

accessible and integrates into the SWR active directory / HR database (if required) to aid

the

user experience and remove multiple keying of repetitive information for colleagues using

the application to submit data / information / requests back to key functions.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

**NUTS** codes

• UK - United Kingdom

II.2.4) Description of the procurement

SWR has an appetite to digitise and streamline many processes across the business.

This

aligns with the broader strategic aim of fully utilising the tablet and phone devices issued

to

front line teams - enabling them to reduce paperwork and remove repetitive and inefficient

data capture. The requirement in brief is to procure an application that is device agnostic,

accessible and integrates into the SWR active directory / HR database (if required) to aid

the

user experience and remove multiple keying of repetitive information for colleagues using

the application to submit data / information / requests back to key functions.
