- 71314200 - Energy-management services

II.1.3) Type of contract

Services

II.1.4) Short description

This tender process is being conducted as a : Restricted two-stage process as part of a Dynamic Purchasing System procurement, subject to the Utilities Contract Regulations 2016.

Fidelity Energy is committed to servicing its public sector customers. As a result we have constructed this DPS to provide your company a good opportunity to secure reliable and effective public sector contracts on a regular basis. Fidelity Energy will give specific and regular feedback for each and every mini-competition with regular strategic supplier reviews. Fidelity currently deliver, professional account management, bill validation, honest and fair procurement and customer support giving you and your organisation the confidence that you will be dealing with a company that prides itself on excellent service. We offer a consistent approach to energy procurement, invoice validation, contract procurement and energy management.

With the contracts your company may win, Fidelity will assist the supplier to achieve excellent cash- flow, control debt management and overall, the opportunity to differentiate itself in the public sector energy markets.

Please note: This is issued as a restricted procedure under the regulation 52 of the Utilities Contracts Regulations 2016.

II.2.4) Description of the procurement

Fidelity Energy is changing the way businesses procure their energy. We not only provide procurement services, but all the other services you would expect from one of the UK's leading utilities and energy consultants. We help our customers get the best value from their energy contracts, reducing their energy consumption, minimising their carbon footprint and ensuring that their bills are right. Thousands of businesses of all sizes from all over the UK rely on us for their energy needs, whether that be one site or multi-sites across the UK. We remove the stress of dealing with the energy contracts by contacting your existing and new supplier, as well as managing the process throughout, from start to finish.

II.2.5) Award criteria
