The Future Integrated User Services (F-IUS) Programme will compete and award 5 Contracts to deliver the F-IUS services (Mobile Devices and Airtime, Mobile Management, Voice services at Official, Voice and Video at Secret, and Voice and Video at Above Secret), which will be based on the requirements of the users and to realise opportunities to achieve business benefits, namely to:

- Ensure continuation of services from IUS to the F-IUS provider(s).
- Drive innovation into the programme to take advantage of technological and economic developments within the F-IUS service area.
- Proactively manage obsolescence throughout the life of the contract and for the F-IUS provider(s) to support The Authority in managing any inherited obsolescence or in-flight changes.
- Integrate F-IUS Service Management tools & processes into MOD Operational Service Management (OSM) function and provide adequate interface(s) with Defence Cyber support & monitor systems Operational Support Systems (OSS).
- Provide a Business Support System (BSS) that enables stakeholders' access to procure, change, track & manage the F-IUS contract & services.

The service bundle for mobile management is expected to include all aspects of the service associated with the provision of mobile management service, including but not limited to application and endpoint management, security services, mobile threat defence, professional services, etc. For a three-year period.

The current IUS Contract is planned to transition the mobile management services to the F-IUS provider efficiently and in accordance with the F-IUS transition plan. It is expected that transition will have completed by mid 2024.
