UKM82 - Glasgow City

Internet address(es)

Main address

<http://www.nhsggc.scot/about-us/procurement/>

Buyer's address

https://www.publiccontractsscotland.gov.uk/search/Search_AuthProfile.aspx?ID=AA10722

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Radiopharmaceutical Injection Equipment

II.1.2) Main CPV code

- 33000000 - Medical equipments, pharmaceuticals and personal care products

II.1.3) Type of contract

Supplies

II.1.4) Short description

NHS Greater Glasgow & Clyde require a Shielded Radiopharmaceutical Injector to administer therapeutic radiopharmaceuticals for patients undergoing molecular radiation therapy as part of their cancer treatment, with 156,485.00 GBP charitable money allocated to this purchase. Furthermore, an allocation of 91,607.23 GBP has been assigned for the maintenance of this unit, which includes 2 years' worth of warranty and 6 years of maintenance support including Servicing, Breakdown labour and parts, and Remote support.

Market engagement suggests no alternative solution for this requirement, due to the below:-

The system must be approved (CE/UKCA) for use with both Lu-177 and I-131 pharmaceuticals, which are the two therapeutic radionuclides the department expect to use the injector for.

It should be possible to swap out vials to allow multi-vial administrations.

Through market engagement the equipment is considered the solitary option for the Health Boards requirement.

In order to award this contract compliantly, NHSGGC will follow Regulation 32 of the Public Contracts (Scotland) Regulations: (2) (b) (ii)

where the works, supplies or services can be supplied only by a particular economic operator for any of the following reasons

(ii) competition is absent for technical reasons

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £248,092.23

II.2) Description

II.2.2) Additional CPV code(s)

- 33000000 - Medical equipments, pharmaceuticals and personal care products

II.2.3) Place of performance

NUTS codes

- UKM82 - Glasgow City

II.2.4) Description of the procurement

Purchase of a Radiopharmaceutical Injection Equipment.

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

In order to award this contract compliantly, NHSGGC will follow Regulation 32 of the Public Contracts (Scotland) Regulations: (2) (b) (ii)

where the works, supplies or services can be supplied only by a particular economic operator for any of the following reasons

(ii) competition is absent for technical reasons

Market engagement suggests no alternative solution for this requirement, due to the below:-

The system must be approved (CE/UKCA) for use with both Lu-177 and I-131 pharmaceuticals, which are the two therapeutic radionuclides the department expect to use the injector for.

It should be possible to swap out vials to allow multi-vial administrations.

Through market engagement the equipment is considered the solitary option for the Health Boards requirement.
