I.4) Type of the contracting authority

National or federal Agency/Office

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Water Purification

II.1.2) Main CPV code

- 42912330 - Water-purifying apparatus

II.1.3) Type of contract

Supplies

II.1.4) Short description

"Water Purification. Precise quantities are unknown. It is anticipated that initial expenditure will be in the region of GBP 12 000 000 to GBP in the first year of this Framework Agreement however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement"

II.1.6) Information about lots

This contract is divided into lots: Yes

II.2) Description

II.2.1) Title

Healthcare Water Disinfection Systems

Lot No

1

II.2.2) Additional CPV code(s)

- 42912300 - Machinery and apparatus for filtering or purifying water
- 42912330 - Water-purifying apparatus
- 65120000 - Operation of a water-purification plant

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Disinfection systems water treatment products are based on the principle that microorganisms and enzymes are the most cost-efficient method of improving overall water quality.

II.2.14) Additional information

Precise quantities are unknown. It is anticipated that initial expenditure will be in the region of £2 400 000 t in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement.

II.2) Description

II.2.1) Title

Water Consumables

Lot No

2

II.2.2) Additional CPV code(s)

- 24962000 - Water-treatment chemicals
- 42912310 - Water filtration apparatus
- 51514110 - Installation services of machinery and apparatus for filtering or purifying water

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Comprising of but not limited to Filters, Cartridges, Pre treatment packs, UV lamps, Test strips etc.....

II.2.14) Additional information

Precise quantities are unknown. It is anticipated that initial expenditure will be in the region of £ 2 400 000 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement.

II.2) Description

II.2.1) Title

Renal water systems & associated consumables

Lot No

3

II.2.2) Additional CPV code(s)

- 33181000 - Renal support devices
- 33181520 - Renal dialysis consumables

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Renal water systems & associated consumables are based on quality of water used in haemodialysis systems

II.2.14) Additional information

Precise quantities are unknown. It is anticipated that initial expenditure will be in the region of £ 2 400 000 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement.

II.2) Description

II.2.1) Title

Drain Water Output

Lot No

4

II.2.2) Additional CPV code(s)

- 90733100 - Surface water pollution monitoring or control services

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Comprising of but not limited to drain disinfectants with PAA, Injection, Steam, Micro filtration which removes suspended solids and bacteria from water, also Reverse Osmosis takes the process a stage further, removes viruses, multivalent ions and monovalent ions in order to desalinate the water.

II.2.14) Additional information

Precise quantities are unknown. It is anticipated that initial expenditure will be in the region of £ 2 400 000 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement.

II.2) Description

II.2.1) Title

Filtration Systems

Lot No

5

II.2.2) Additional CPV code(s)

- 42912100 - Machinery and apparatus for filtering liquids

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Comprising of but not limited to filtration systems that strip water of all particulates, Micro organisms, contaminants, chemicals, carcinogens, and dissolved solids

II.2.14) Additional information

Precise quantities are unknown. It is anticipated that initial expenditure will be in the region of £ 2 400 000 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement.

II.3) Estimated date of publication of contract notice

8 June 2022

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

— ISO 9001:2015 or equivalent externally accredited and up-to-date quality standard certificate(s) to cover all segments of the Applicant's (and the product's) supply chain. This should include but not be limited to manufacturing storage and distribution. Further information in respect of certification requirements will be set out in the notice for the forthcoming procurement. If such certificates are not in the name of the Applicant then the Applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.

—ISO 14001:2015 or equivalent externally accredited and up-to-date quality standard certificate(s) to cover all segments of the Applicant's (and the product's) supply chain. This should include but not be limited to environmental data. Further information in respect of certification requirements will be set out in the notice for the forthcoming procurement. If such certificates are not in the name of the Applicant then the Applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.

—ISO 13485:2016 or equivalent externally accredited and up-to-date quality standard certificate(s) to cover all segments of the Applicant's (and the product's) supply chain. This should include but not be limited to quality management systems. Further information in respect of certification requirements will be set out in the notice for the forthcoming procurement. If such certificates are not in the name of the Applicant then the Applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.
