#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

We are looking to extend this contract under 32 (2) (b) (ii) of PCR15. Excelsa were formally known as BancTec and therefore are the only supplier on the market that can provide the S&M for the machinery owned by the Agency.

Given the delay in the delivery of transformation projects to create a digital organisation, and the age of the machinery, it's likely the supplier will only be able to provide the service on a best endeavours basis as sourcing parts is becoming difficult as there are very few decommissioned machines left and these parts are no longer manufactured.
