For clarity induction time is not chargeable to the Company. MCCCL will reserve the right to audit twice yearly.

The Contract will be for a period of two (2) years from the commencement date of services with a Manchester Central only option to extend for a further period of twelve months. The contract value for 2 years is estimated at 1.4 million.

Manchester Central is committed to ensuring that all agency workers receive the National living wage and then the Real living wage once trained as an hourly rate of pay. As such the Company has fixed the rates that agency providers are required to pay to their staff (as a minimum rate of pay) and has hence fixed the rates it will pay agencies for the provision of services under this tender. The proposed rates (being the current rates of pay and chargeable rates) are set out in Appendix 2 along with the mechanism for uplifting annually in line with increases to the National living wage and the Real Living wage. Untrained workers (see criteria for trained workers below) and trained workers must be paid the National Living wage or Real living wage irrespective of age and the chargeable rates for such untrained workers are also set out in Appendix 2 along with the future pricing mechanism.
