Tender

Improving the sustainability of biomass feedstocks production

Department for Business, Energy & Industrial Strategy

F02: Contract notice

Notice identifier: 2022/S 000-015632

Procurement identifier (OCID): ocds-h6vhtk-0343b6

Published 7 June 2022, 1:51pm

Section I: Contracting authority

I.1) Name and addresses

Department for Business, Energy & Industrial Strategy

1 Victoria Street

London

SW1H 0ET

Email

sidscienceteam@beis.gov.uk

Country

United Kingdom

NUTS code

UK - United Kingdom

Internet address(es)

Main address

<https://beisgroup.ukp.app.iaggaer.com/>

Buyer's address

<https://www.gov.uk/government/organisations/department-for-business-energy-and-industrial-strategy>

I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

<https://beisgroup.ukp.app.iaggaer.com/>

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

<https://beisgroup.ukp.app.iaggaer.com/>

Tenders or requests to participate must be submitted to the above-mentioned address

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Improving the sustainability of biomass feedstocks production

Reference number

5670/02/2022

II.1.2) Main CPV code

- 73110000 - Research services

II.1.3) Type of contract

Services

II.1.4) Short description

BEIS is seeking a contractor to carry out a research project which will answer a selection of key questions surrounding the sustainability of biomass production and usage. This contract will consist of 3 work packages:

- WP1, to review current evidence and methodologies surrounding the indirect land use impacts of both UK domestic feedstocks production and UK demand for international bioenergy and biofuel products.
- WP2 to assess soil carbon stock changes with UK demand on internationally produced biomass feedstocks.
- WP3 to assess the sustainability of wastes as bioenergy and biofuels, and the suitability of sustainability criteria and exemptions which are applied to waste derived feedstocks.

This project will provide up to date policy relevant evidence to inform options surrounding biomass production and usage.

II.1.5) Estimated total value

Value excluding VAT: £200,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

BEIS is seeking a contractor to carry out a research project which will answer a selection of key questions surrounding the sustainability of biomass production and usage. This contract will consist of 3 work packages:

- WP1, to review current evidence and methodologies surrounding the indirect land use impacts of both UK domestic feedstocks production and UK demand for international bioenergy and biofuel products.
- WP2 to assess soil carbon stock changes with UK demand on internationally produced biomass feedstocks.
- WP3 to assess the sustainability of wastes as bioenergy and biofuels, and the suitability of sustainability criteria and exemptions which are applied to waste derived feedstocks.

This project will provide up to date policy relevant evidence to inform options surrounding biomass production and usage.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £200,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 September 2022

End date

31 July 2023

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

III.2) Conditions related to the contract

III.2.3) Information about staff responsible for the performance of the contract

Obligation to indicate the names and professional qualifications of the staff assigned to performing the contract

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

19 July 2022

Local time

1:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 31 July 2023

IV.2.7) Conditions for opening of tenders

Date

19 July 2022

Local time

1:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement, and the contract will be awarded on the basis of the most economically advantageous tender. The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be
