The proposed service is for the provision of urgent face-to-face and/or virtual primary care assessment and treatment services delivered in Herefordshire and Worcestershire. A virtual Market Engagement event is taking place at 12.00pm to 1.30pm on Tuesday 20th May 2025 via Microsoft Teams.

The purpose of the meeting will be for the ICB and potential interested providers to discuss the proposed services and the feasibility of the scope and specification. The ICB will then

take forward any feedback as appropriate to inform the final service specification that it will be seeking to procure against.

Suitably qualified and experienced providers who are potentially interested in delivering the services are requested to express an interest to attend the Market Engagement Event by 5pm on Monday 12th May 2025.

VI.3) Additional information

The ICB is considering letting contracts for the above services and the procurement is being divided into two lots:

- Lot 1 - for the population normally covered by in-hours GP Services in Herefordshire
- Lot 2 - for the population normally covered by in-hours GP Services in Worcestershire.

Interested parties will be able to submit bids for one or both lots.

If the successful bidder is the same for both lots, then the ICB would enter into a dialogue with the provider regarding the options for entering into a single contractual arrangement covering both counties.

A decision on the time period for the contract will be decided after the market engagement, but it is currently expected to be for a minimum of 3 years, with the option to extend for up to another 2 years at the discretion of the ICB. However, through the market engagement exercise, the ICB is interested in hearing interested provider views on the potential benefits they believe they could offer from entering into a longer contract period.

The ICB currently envisages the contract(s) will mobilise from the 8th July 2026 following a formal competitive process. (N.B.: all dates may be subject to change).

The ICB reserves the right to amend any proposed lotting strategy for any future procurement exercise.

The total lifetime value of the contract(s) will be determined once the final service specification has been finalised.

Please be advised that the Service Specification is currently in draft format and may be subject to change prior to the publication of documents for any future PSR process.
