This service will be designed to enable individuals to either maintain their current level of independence or regain as much autonomy as practically possible whilst promoting their well-being and facilitating their attainment of personalised outcomes. In addition, the Service must encompass the facility to meet both people's long term care needs whilst also providing sufficient support and care to meet their short term needs.

Successful applicants which secure a place on the accredited list will be required to facilitate the delivery of the following outcomes:

- Delivering care that is person-centred, supporting a person's independence and whole well-being.
- Delivering support that enables people to maintain personal choice about everyday life.
- Delivering care that reflects safe, effective practice and maintains quality as a high priority.
- Delivering care through well-maintained professional partnerships supported by good leadership.

The Residential and Nursing DPS Accredited List was published under the Public Contracts Regulations 2015 (PCR 2015) and will continue to be operated in accordance with the terms of PCR 2015.

Herefordshire Council is extending this DPS until 23rd February 2029 in line with the extension period permitted pursuant to the Procurement Act 2023 (Commencement No. 3 and Transitional and Saving Provisions). Providers already on the DPS do not need to reapply as they will automatically remain on the DPS.

This extension will allow effective continuation of use of the DPS to facilitate care and support arrangements for individuals and service providers, as well as allow new suppliers to join the DPS.
