The Council wishes to procure a single, or small number of, contracts which deliver on all aspects of the Service Specification. In doing so, the Council recognises the importance of a diverse and sustainable VCSE sector in delivering the contract outcomes and in providing choice to people who use services. The Council will therefore expect any proposals to incorporate strong formal or informal structures (such as consortium, partnership or other alliance) which will maximise the effectiveness of the Service and which retains diversity of provision.

Tenders will be accepted which propose either:

1.A single provider delivering floating housing support for all the required client groups across the whole Shropshire Council area; OR

2.A lead contractor on behalf of identified sub-contractors delivering floating housing support for all the required client groups across the whole Shropshire Council area; OR

3.A partnership or consortium proposing a contracting structure which will deliver housing support for all the required client groups across the whole Shropshire Council area. For clarity, floating housing support is currently delivered through 5 geographically based contracts covering the whole Shropshire Council area and the Council would not welcome an increase in the number of individual contracts

The total budget available is capped at £540,000 per annum and will be fixed for the duration of the contract(s).
