Description

The supplier, QI Consulting, will provide three accredited external reviewers to deliver a Gateway 5 Review for the National Digital Channels Programme. Due to limited internal availability, these independent reviewers - trained and accredited by the Infrastructure and Projects Authority will conduct a remote assurance review in line with Health Gateway Team rules of engagement, culminating in a formal Gateway Assurance report with recommendations to the Programme's Senior Responsible Owner. QI Consulting is the only provider with suitably qualified reviewers available within the required timescales and with relevant prior programme knowledge, making this service deliverable exclusively via a Single Tender Action under NHS Standard Terms and Conditions.
