Other information

Description of risks to contract performance

There are limited ways the performance of this one-off, supply contract could be hindered. However, some potential risks include issues with delivery, inconsistent quality of the sourced Proleukin etc.

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Single supplier - intellectual property or exclusive rights

As far as we are currently aware, the only source available to the University to source Proleukin from is a pharmaceutical company in Ireland, who have exclusive distribution rights from the US manufacturer. We are currently chasing a formal confirmation of this, following an informal confirmation being received previously. Once this confirmation is received, we intend on directly awarding to the Irish distributor.
