Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This VEAT notice is to advise the need for modification to meet the additional demands of the Scottish Health and Social Care sector

during the Covid-19 pandemic (and recovery of services) to maintain necessary supply and remove unnecessary disruption from the

Authority at this time in line with Regulation 72(1)(b) of the Public Contracts (Scotland) Regulations 2015.

The priorities for NSS, NHS Scotland and likely those suppliers who would wish to be part of a tender process (due to severe market conditions) have changed, as a result it

is a necessary step to delay start of new tender process

necessitating a 12 month extension to current framework revising expiry to September 2023.

The global market for vehicles is currently suffering severe disruption to an extent that it is understood from supplier and market feedback that a tender process could not be completed at this time.

Tender process is planned to commence by spring 2023.

IV.1.3) Information about a framework agreement

The procurement involves the establishment of a framework agreement
