### **Scope**

### **Reference**

C425720

### **Description**

Axis 12 will deliver and manage a secure digital food platform for NHS healthcare catering teams, enabling the collection, reporting and analysis of data on Higher Environmental Standards and sustainable food procurement. They will provide functionality that supports national food education, recipe development, chef training and supplier information, while integrating DEFRA requirements to ensure consistent messaging on environmental standards and British food origin. The platform will generate detailed insights to help NHS England strengthen sustainable food practices and progress wider Net Zero and healthy eating objectives.
