## **Scope**

## **Description**

GWR require the provision of an Open Protocol Intelligent Management System, for use across GWR's property and Environmental directorates, This proposed solution will facilitate GWR in interfacing with, managing, and monitoring our station property portfolio across various asset types. The primary goal of the IMS is to optimise asset performance within respective environments. GWR require the existing IMS infrastructure including asset devices to remain in situ and utilised as part of any proposal.
