Section II: Object

II.1) Scope of the procurement

II.1.1) Title

How can tech help people identify the care they need, and enable them to manage their own care services?

II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

We're interested in solutions which can help identify and anticipate people's care needs, and enable them to take ownership of managing them. If people can manage their care services on a day by day basis, then this will support their human rights and enable them to live more independently.
