#### II.1.4) Short description

BCUHB is seeking to appoint a suitably qualified contractor to provide a Flow Cytometry Managed Service Contract. Flow Cytometry is highly specialised laboratory testing that includes the diagnosis and follow-up of haematological malignancy, enumeration of stem cells, lymphocyte subset, and the estimation of foetal-maternal haemorrhage. This service will include equipment, maintenance, consumables, reagents, information technology and training by way of managed service contract (the “Requirement”). BCUHB will seek to implement a solution that provides for standardisation of laboratory policies, processes, test profiles and rationalisation of testing in addition to integrating efficient workflows via data analysis and contract management.
