## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The products involved are manufactured purely for the purpose of research, experiment, study or development

Explanation:

Methane is a key component of the carbon budget in peatland ecosystems. To measure methane exchange over peatlands we have to use off-grid power sources which limits the instrumentation that can be employed. The LI-7700 is the only instrument on the market that can measure methane exchange at the concentrations we observe and can run on our power systems

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

### IV.2) Administrative information

#### IV.2.1) Previous publication concerning this procedure
