Reference

P2503-1

Description

The ECITB wishes to appoint a provider to fulfil its requirement for the services of a Project Management Consultant for the ECITB's general ledger (GL) refresh project this summer. The initial contract term will be for 12 months, with an optional extension of 12 months.

We envisage the initial programme to only last for 6-8 weeks due to its low complexity, commencing implementation ideally in June 2025. The deadline for go live with our new GL software, including full implementation and testing phases is August/September 2025.

Full details can be found within the Specification.

****If you are interested in bidding on this opportunity, please register your interest via email at procurement@ecitb.org.uk after download of the documents from Find a Tender Service (FTS).****

About the ECITB

The Engineering Construction Industry Training Board (ECITB) is the employer-led skills, standards and qualifications body for the development of the engineering construction workforce of Great Britain. An arms-length body of the UK Government, the ECITB reports to the Department for Education. Our vision is a trailblazing Engineering Construction Industry where critical infrastructure, energy security and net zero ambitions are achieved.

The ECITB works with employers and training providers to attract, develop and qualify the engineering construction workforce in a wide range of craft, technical and professional disciplines. We invest about £28 million each year to support skills development within the industry.

Total value (estimated)

- £30,000 excluding VAT
- £36,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 2 June 2025 to 1 June 2026
- Possible extension to 1 June 2027
- 2 years

Description of possible extension:

The contract of one year with extensions provides the ECITB with the option for additional support under the agreed terms during the first 1-2 years of the software's use.

At the ECITB's discretion, we may request additional, related services during both the initial term and any optional extension, such as:

1. Implementation of additional bolt-on modules
2. Development of system reporting requirements
3. Additional system and reporting needs in line with business changes, efficiencies and improvement or wider regulation or directives

For the optional extension, rates should be pre-agreed with the ECITB including the scope of services.

Options

The right to additional purchases while the contract is valid.

The contract of one year with extensions provides the ECITB with the option for additional support under the agreed terms during the first 1-2 years of the software's use.

At the ECITB's discretion, we may request additional, related services during both the initial term and any optional extension, such as:

1. Implementation of additional bolt-on modules
2. Development of system reporting requirements
