## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Y20032 Dynamic Purchasing System for Power Purchase Agreement Providers

#### **II.1.2) Main CPV code**

- 09000000 - Petroleum products, fuel, electricity and other sources of energy

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

This Dynamic Purchase System (DPS) provides a route, compliant with UK public procurement regulations, for public bodies to procure Power Purchase Agreements. It is intended to help public bodies and renewable energy generators contract together through a relatively simplified and standardised way. With the aim of driving greater and faster expansion of renewable generation assets. The DPS is structured such that Generators who can meet a set of mandatory requirements, set in the Specifications document, will be accepted as approved Suppliers to the DPS. Individual or groups of public bodies will run mini competitions to which approved Suppliers will be invited to bid. The mini competitions will include more detailed specifications relating to the requirements of that/those public bodies. What further specifications could be covered under mini competition is expanded further in the Specification document. To note that Services, Goods and/or Works may be procured through the future

#### **II.1.5) Estimated total value**

Value excluding VAT: £200,000,000

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

Main site or place of performance

UNITED KINGDOM

#### **II.2.4) Description of the procurement**

This Dynamic Purchase System (DPS) provides a route, compliant with UK public procurement regulations,

for public bodies to procure Power Purchase Agreements. It is intended to help public bodies and renewable

energy generators contract together through a relatively simplified and standardised way. With the aim of driving

greater and faster expansion of renewable generation assets.

The DPS is structured such that Generators who can meet a set of mandatory requirements, set in the

Specifications document, will be accepted as approved Suppliers to the DPS. Individual or groups of public

bodies will run mini competitions to which approved Suppliers will be invited to bid. The mini competitions

will include more detailed specifications relating to the requirements of that/those public bodies. What further

specifications could be covered under mini competition is expanded further in the Specification document.

To note that Services, Goods and/or Works may be procured through the future mini competitions run through

this DPS and would be subject to appropriate terms, for example; Works would be carried out utilising

appropriate JCT terms, as agreed between the Supplier and Participating Authority.

#### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months

72

This contract is subject to renewal

No

### **II.2.10) Information about variants**

Variants will be accepted: No
