## Works

### **II.1.4) Short description**

We are the UK's largest Water and Wastewater services provider.

We plan to award a Build and Design and Build agreements, focusing on River Restoration to meet our regulatory obligations.

The works will be carried out at environmentally sensitive areas requiring relevant knowledge and experience.

The works are to include:

Weir/removals or modifications

In channel habitat enhancement works including channel/bed re-profiling, installing in-channel gravels, woody debris

River bank re-profiling

River bank replacement with softer options

Denaturalising river channels

Involvement and support in consultations with stakeholders.

These agreements will be used as part of our Capital Delivery programme, as well as smaller operational needs.

All requirements will be in the Thames Water operating area, primarily focusing London and the Thames Valley areas.

### **II.1.5) Estimated total value**

Value excluding VAT: £30,000,000

Whole of Thames Water Region

### **II.2.4) Description of the procurement**

We are the UK's largest Water and Wastewater services provider, recycling waste from 15m people safely back to the environment, 24 hours a day, 365 days of the year.

Thames Water plans to award a Build and/or Design and Build agreement, focusing on River Restoration.

The works will be carried out at environmentally sensitive areas.

The works are to include:

Weir/removals or modifications

In channel habitat enhancement works including channel/bed re-profiling, installing in-channel gravels, woody debris

River bank re-profiling, River bank replacement with softer options

Denaturalising river channels

Involvement and support in consultations with stakeholders.

These agreements will support the delivery of schemes as part of our Capital programme, as well as smaller operational needs. All requirements will be in the Thames Water operating area, primarily focusing London and the Thames Valley areas.

Thames Water are looking for suppliers who have a track record of providing these types

of works at environmentally sensitive sites and can demonstrate how they manage environmental impacts and work to environmental constraints.

### **VI.4) Procedures for review**

#### **VI.4.1) Review body**

Thames Water Utilities Ltd

Reading

RG1 8DB

Country

United Kingdom

#### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

Thames Water Utilities Ltd will incorporate a standstill period at the point information on the award of the contract is communicated to tenderers. That notification will provide full information on the award decision. The standstill period, which will be for a minimum of 10 calendar days, provides time for unsuccessful tenderers to challenge the award decision before the contract is entered into.

The Utilities Contracts Regulations 2016 provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).
