II.1.4) Short description

We are the UK's largest Water and Wastewater services provider.

We plan to award a Build and Design and Build agreements, focusing on River Restoration to meet our regulatory obligations.

The works will be carried out at environmentally sensitive areas requiring relevant knowledge and experience.

The works are to include:

Weir/removals or modifications

In channel habitat enhancement works including channel/bed re-profiling, installing inchannel gravels, woody debris

River bank re-profiling

River bank replacement with softer options

Denaturalising river channels

Involvement and support in consultations with stakeholders.

These agreements will be used as part of our Capital Delivery programme, as well as smaller operational needs.

All requirements will be in the Thames Water operating area, primarily focusing London and the Thames Valley areas.
