Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Framework for Environmental and External Improvements

Reference number

ERFX1007872

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

The domestic property portfolio of the Council comprises a mixture of social housing (approximately 13,785 Council owned dwellings in number) and other properties.

Of these there are 786 courtyards or common areas and gardens, serving 882 physical blocks of flats.

The Council aims to invest in the external environment of its estates and to create safe, accessible and attractive environments for its tenants and residents.

The Council is seeking to appoint a single Contractor to this framework agreement. The estimated annual value for year 1 is 2,375,000GBP plus VAT, for years 2 to 4 is 2,025,000GBP plus VAT. It should be noted that the estimated value is indicative only, and may change dependant on demand and budget.

The Contract period will be 2 years (starting 1st October 2022) with the option to extend for up to a further 2 years.

In the event that the Council decides to source works through the Framework Agreement, then it will do so in accordance with the contract terms and conditions, i.e. the Framework Agreement and relevant schedules (and appendices to the same) that will form part of the ITT. These contract terms and conditions will provide that the Council will source its requirements in accordance with the following approach:

Direct award to the appointed Contractor (based on contracted schedule of rates) unless there are capacity or performance issues, and then the Council will make alternative arrangements to source the work outside of this framework.

II.1.5) Estimated total value

Value excluding VAT: £10,140,000

II.1.6) Information about lots

This contract is divided into lots: No

- Fencing
- Concrete and Paving
- Environmental Cleaning
- Grounds Maintenance Clearance
- Demolition & Clearance
- Electrician Services
- Street Lighting

Some comprehensive estate regeneration schemes based on needs and priorities identified through consultation for individual areas. Schemes generally include improvements or renewal to parking provision, property curtilages, rear gullies and alleyways, lighting, amenity areas footpaths carriageways and courtyards.

Smaller one-off improvements in response to specific issues, such as fire actions, gully improvements, alley-gating, parking, courtyards or footways.

Alley Gating are ongoing 2-year programmes to investigate and secure rear lanes by the means of manually operated gates. Programmes are agreed every 2 years and include lanes identified as the highest priorities for the Council, in terms of the levels of anti-social behaviour, crime and environmental issues. All schemes are subject to support from the

local community and consideration of any representations during the legal process. The programme aims to deliver approximately 20 gated schemes with approx. 25 – 45 gate installations per year.

Fire actions are typically the relocation of an existing bin-store sited too close to the main building. Repositioned in a new location a set distance away to prevent fire spread to the main building. The works are usually a new brick built bin store, set on a concrete slab, steel railings and a secure steel lockable gate. Enabling works may also include, concrete paths, slabs, drainage etc

A rolling programme of courtyard improvements has been developed specifically tackling issues around security, improved amenity space for tenants, improved bin storage, surfacing and access. The programme is based on prioritising the courtyards in worst condition first and it is anticipated undertaking around 20 courtyard improvements every year depending upon capacity.

Defensible space improvements to flats are also planned this will include Railings and gates, pathway renewal and where possible level access ramp to front communal door.
