Tender

Strategic File Management System - Common Data Environment (CDE)

ENVIRONMENT AGENCY

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-016175

Procurement identifier (OCID): ocds-h6vhtk-056090

Published 23 February 2026, 3:29pm

Changes to notice

This notice has been edited. The [previous version](#) is still available.

As per the last amendment note, the updated Supplier Engagement Event details in the Bidder Pack (part two) document on page 6 reads as follows:

Tenderers will be invited to a Supplier Engagement Event via Microsoft Teams so that we may present the opportunity in more detail. Further details on the agenda and how to confirm attendance to the Event will be communicated via Atamis with all potential Tenders on (TBC – w/c 23.02.26). Tenderers are responsible for ensuring the availability of their nominated attendees. It is essential that potential Tenderers manage their internal scheduling to accommodate the pre-scheduled event.

The Supplier Engagement Day will not form part of the tender stages for response and will not be evaluated. The event is for information only.

Description

The Digital Asset Data Information (DADI) programme is a digital programme of work within the overarching Asset Management Improvement Portfolio, with a whole life focus on how the Environment Agency as an owner-operator will digitally create, maintain and operate its asset estate in the future.

As part of the DADI programme, the Strategic File Management (SFM) project underpins the Agency's ambition to be recognised as a world-class Asset Management (AM) organisation. The SFM goal is to deliver a solution for the management of the Environment Agency's AM files which will be based on standardised and governed processes and include the supporting technological capability to carry out these processes. The desired solution will ensure that documentation relevant to an asset's entire lifecycle is effectively managed and can be retrieved and accessed by a wide range of users in a number of formats.

The business objectives of this procurement are as follows:

- Implement a compliant, centralised file management system.
- Create a single source of truth supporting the entire asset lifecycle.
- Enable accurate, trusted Business Intelligence.
- Achieve ISO19650 and ISO55000 compliance.
- Improve file accessibility, storage, sharing, and user experience.
- Enhanced data governance and risk mitigation (e.g., reduced security and legal risks).
- Reduced inefficiencies, such as duplication and process waste.

- Ensure connectivity and interoperability with other Asset Management systems to support efficient sharing and consistency of asset information.
- Support carbon reduction and improved sustainability through streamlined practices.
- Provide the option for other Defra Group Bodies (<https://www.gov.uk/government/organisations#department-for-environment-food-rural-affairs>) and other UK "Paying Agencies" to utilise the contract.

The purpose of this notice is for DEFRA (on behalf of the EA) to make known that a Further Competition is being conducted via a Competitive Flexible procedure for Procurement of Enterprise Asset Management Common Data Environment (CDE).

Additional Information:

The budget for the initial term (five (5) years) is at a total of £3.7m (ex VAT) with the total contract value expected to be up to a total cost of £6.5m (ex VAT) during the overall maximum 10-year term (5+2+2+1), which includes the cost of implementation, delivery of the Service, and Exit and Transition. The contract value is an estimate only. The contract value estimate will be dependent upon whether an extension (in part or in whole) is enacted, whether any optional services (in part or in whole) are enacted, the extent of any contract changes, and the indices used to index prices.

Suppliers can access this by visiting <https://defra-family.force.com/s/Welcome> – this will require signing up to the Atamis system and following the instructions within the Portal.

Total value (estimated)

- £6,500,000 excluding VAT
- £7,800,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 12 October 2026 to 11 October 2031
- Possible extension to 14 September 2036

- 9 years, 11 months, 3 days

Description of possible extension:

The contract term will consist of an initial 5 year term (inclusive of a break clause at the third year), with the option to extend for a further 5 years in the following increments: 2+2+1 (subject to further approvals).

Options

The right to additional purchases while the contract is valid.

It should be noted that these optional years of contract extension can be executed in smaller increments if required. These will be to continue the Service for a longer duration but may introduce options to scale the service or widen the contract scope.

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

This procurement is being conducted as a Competitive Flexible Procedure in accordance with the Procurement Act 2023.

The Tender will be split into the following high-level stages:

Stage One – Pre-Selection Stage. This will consist of the following sub-stages:

- 1A: Procurement Specific Questionnaire (PSQ), including Conditions of Participation (CoP).
- 1B: A Mini-Technical Envelope (Scored), which will be used to down-select suppliers.

Stage Two – Invitation to Submit Final Tender (ISFT) Stage. This will consist of the following sub-stages:

- 2A: Demonstration
- 2B: Proof-of-Concept (CoP)
- 2C: Quality Envelope (including Social Value) & Price (Commercial Envelope)

(OPTIONAL) Stage Three – Final Clarification and Negotiation

Full details of the Procurement Process, Evaluation Methodology and Response

Instructions for each stage will be detailed in the Bidder Pack Documents and Supporting Documentation.

Please note: The Authority may update or amend this Tender Notice or the associated tender documents during the procurement. Any modifications will be made in accordance with Section 31 of the Procurement Act 2023, and all bidders will be notified at the same time

Communication:

The procurement documents are available for unrestricted and full direct access, free of charge, at

<https://defra-family.force.com/s/Welcome>

Additional information can be obtained from the above-mentioned address.

Tenders or requests to participate must be submitted to the above-mentioned address

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at <https://defra-family.force.com/s/Welcome>.
