- 45261215 - Solar panel roof-covering work
- 09331200 - Solar photovoltaic modules

Contract locations

- UK - United Kingdom

Engagement

Engagement deadline

16 May 2025

Engagement process description

Lexica, (a wholly owned subsidiary of Guy's and St Thomas' NHS Foundation Trust), wish to inform their understanding of the market for net zero carbon development technologies. Lexica have previously administered a net zero carbon delivery framework (reference number

2020/S 218-536570) and now wish to renew it. Suppliers are invited to attend a Teams meeting at 14:30 on April 28th where Lexica will present a high-level overview of the requirements for a future tender exercise. Each supplier will be allowed a maximum of two attendees for the Teams meeting. Please confirm your company name and the names, job titles, and email addresses of your attendees by 18:00 on 24th of April via the Atamis portal. Any feedback received during this webinar will be used for information purposes only. Feedback will not be evaluated or scored, and it will have no bearing on any potential future tender exercise or contract award. Attendance at the webinar will in no way obligate your organisation to tender. Conversely, failing to participate in this preliminary market engagement process will in no way preclude your organisation from participating in a future tender exercise. Lexica's intention is to reserve judgement on its route to market until after the conclusion of this market consultation phase of the project.

Participation

Particular suitability

- Small and medium-sized enterprises (SME)
- Voluntary, community and social enterprises (VCSE)

Submission

Publication date of tender notice (estimated)

1 July 2025
