Bidders must comply with the undernoted financial requirements in order to participate further in the tendering process: -

Financial requirements for trading performance and balance sheet strength should be calculated on latest filed accounts with Companies House.

The above would be expressed in the ratio Pre-Tax Profit/Turnover.

Balance Sheet Strength

Due to the potential negative financial consequences of the pandemic on company finances, the council also requires assurance regarding current liquidity of the bidding company. The bidder must therefore provide a Letter of Comfort from its own bank to satisfy the above financial requirement.

If the pandemic has had an adverse affect on the latest set of accounts filed with Companies House, the council will take that into account in determining financial suitability for the contract.

The above, however, should not impinge on the financial viability of the company, as defined by the ratios set out in the above financial requirements.

The council reserves the right, at its own discretion, to seek such other information from the Bidder in accordance with Regulations 61(7) or Regulation 61 (8) of the Public Contracts (Scotland) Regulations 2015 to prove the Bidder's economic and financial standing

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Glasgow City Council (“the Council”) must, by notice in writing as soon as possible after the decision has been made, inform all tenderers and candidates concerned of its decision to award the contract, conclude the framework agreement or establish a dynamic purchasing system. The Council must allow a period of at least the relevant standstill period (where the notice is sent by facsimile or electronic means the period is 10 days ending at midnight at the end of the 10th day after that on which the last notice is sent, when sent by other means the period is 15 days) to elapse between the date of despatch of the notice referred to in Regulation 85(1) of the Public Contracts (Scotland) Regulations 2015 (“the Regulations”). The Council is obliged to comply with the Regulations and any eligible economic operator can bring an action in the Sheriff Court or the Court of Session where as a consequence of a breach by the Council, suffers or risks suffering loss or damage. The bringing of court proceedings during the standstill period means that the Council must not enter into the contract, conclude the framework agreement or establish the dynamic purchasing system unless the proceedings are determined, discontinued or disposed of; or the court, by interim order, brings to an end the prohibition. The bringing of court proceedings after the standstill period has elapsed and the remedies that are available to the courts are detailed in the Regulations. Economic Operators can write to the Council seeking further clarification on the notice, to which the Council must respond within 15 days. Economic Operators should be mindful to seek their own independent legal advice when they consider appropriate to do so
