I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Community Connectors

Reference number

CAV-STA (23-24) 15

II.1.2) Main CPV code

- 85323000 - Community health services

II.1.3) Type of contract

Services

II.1.4) Short description

The Cardiff and Vale University Health Board have a requirement to award contract to Cardiff Mind to continue the Community Connector activities that are contracted until the

end of June 2023. Cardiff Mind are currently providing the service in the South and East Cardiff Cluster. The uptake has been slow but this is an area where projects are notoriously difficult to embed. The engagement with the Community Connectors has increased and it is felt that any disruption in service would inevitably have an impact on the patients. The Locality covered by this contract has high deprivation in the area and Locality is very culturally diverse, with a range of BAME communities and other hard to reach groups- including Travellers, the Homeless and Sex Workers. The Locality also provides for the needs of Asylum seekers who are accommodated in centralised areas around the centre of the city. Any further requirements if the pilot is to be extended beyond the optional extension provision will be done so via a competitive tender with the understanding that TUPE may apply.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £216,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKL22 - Cardiff and Vale of Glamorgan

II.2.4) Description of the procurement

The life expectation of people living in the southern area of Cardiff is 11 years less than Clusters in North and West Cardiff. The population in this Locality is very culturally diverse, with a range of BAME communities and other hard to reach groups- including Travellers, the Homeless and Sex Workers. The Locality also provides for the needs of Asylum seekers who are accommodated in centralised areas around the centre of the city.

It is proposed that the model will continue to involve the following key elements:-

Each Cluster will be designated a named Community Connector/s, who will be visible within each of the practices at least once a week/once every 2 weeks (for larger clusters) and available to accept referrals Monday-Friday (exclusive of bank holidays)

The GP practice staff will be able to refer appropriate patients to the Community Connector/s as a single point of access/signposting to wider third sector/community based

organisations/services relevant to their health and wellbeing needs

The Community Connector/s will also accept self-referrals from patients registered with the practices that they support.

The Community Connector/s will be responsible for supporting the individual to make contact/access these services, where required- it is anticipated that the average level of contacts per patient will be 2, however, there is the potential that some more vulnerable individuals may need more support. The level of demand for the service is currently unknown- however, potentially the level of total referrals may be circa 3500-4000 per year (combined total for all 3 clusters)

The Community Connector will act as an expert resource to practice based staff regarding availability of local support services, community groups.

The Community Connector will act as a point of contact for patients should they have any queries following onward signposting

The Community Connector will be required to feedback to GP practices on the outcome of their involvement with the patient

The Community Connectors should identify and report on any gaps in service provision

The model that is introduced in each of the 3 clusters will need to be bespoke to the cultural and socio-economic needs of the populations served- this includes consideration of language needs

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed

below

- The procurement falls outside the scope of application of the regulations

Explanation:

Cardiff Mind are currently providing the service in the South and East Cardiff Cluster. The uptake has been slow but this is an area where projects are notoriously difficult to embed.

Due to the high deprivation in the area and Locality is very culturally diverse, with a range of BAME communities and other hard to reach groups- including Travellers, the Homeless and Sex Workers. The Locality also provides for the needs of Asylum seekers who are accommodated in centralised areas around the centre of the city. The engagement with the Community Connectors has increased and it is felt that any disruption in service would inevitably have an impact on the patients.

The contract is required to further demonstrate the benefits of the Community Connectors which include:

Building effective relationships between GP Practices and the community

Maximising the strength and capability of community assets as an alternative to traditional health care

Achieving sustainable change in terms of the way that people choose support by which to manage their health and wellbeing at a community level

Targeting the most hard to reach, taking account of the cultural diversity and bespoke population needs- this should also be taken into account in terms of staff employment

Opportunities for co-production will be maximised

Fully compliant Procurement process

Aligns with the 5 ways of working and a Healthier Wales Objective under the Well Being Future Generations Act

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

Contract No

CAV-STA (23-24) 15

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

7 June 2023

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

Cardiff Mind Ltd

166 Newport Road

cardiff

cf241dl

Telephone
