C221/ 2025/2026

Description

This notice is to notify the market that the Welsh Government has conducted a Quick Quotes process to commission a research project to understand the current picture of accessibility and inclusivity across transport in Wales. This will be done through identification of the barriers to achieving the Travel for All objectives and understanding how far and if the 5 key principles are currently integrated and how they can be going forward.

Evidence from this research will act as a pilot and inform future policy development in relation to the Travel for All approach outlined above.
