The Cyber Essentials scheme is mandatory for Central Government Contracts which involve handling personal information and providing certain ICT products and services. The Government is taking steps to further reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls

which, when properly implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet.

To participate in this procurement, bidders will be required to demonstrate that they are Cyber Essentials certified for the services under and in connection with the procurement..

Bidders must have the necessary FCA authorisations to provide Open Banking Services.

The service that arise from this framework will involve the supplier holding material that has been assigned a protective marking under the Government Security Classifications Scheme (April 2014) of OFFICIAL/SENSITIVE. Bidders will be required to implement their solution in accordance with the Open Banking Dynamic Purchasing System (Data, Digital Payments and Confirmation of Payee Services) Schedule, "Security Requirement and Plan", to meet Open Banking Dynamic Purchasing System (Data, Digital Payments and Confirmation of Payee Services) requirements. This will be released at the ITT stage.
