Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

Defence

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Supervised Control and Data Acquisition (SCADA) System Supplier Request

II.1.2) Main CPV code

- 48151000 - Computer control system

II.1.3) Type of contract

Supplies

II.1.4) Short description

AWE require access to a high-level Supervised Control and Data Acquisition (SCADA) system to control, monitor, and analyse industrial data and processes. SCADA systems control the laser systems from alignment to recording the end data post shot. The software integrates and interacts with complicated subsystems, which are not in scope of the change but must be considered when refreshing the control solution.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKJ - South East (England)

II.2.4) Description of the procurement

This prior information notice has been initiated to inform the comparative analysis of retaining the primary supplier, upgrading the existing solution, procuring a new solution or developing another capability.

The specific output may change dependent on discussion with suppliers and the available information at the time of engagement. At a high level each option will require the below details to inform the decision making:

- Rough order of magnitude costs to deliver solution.
- Outline schedule/timeline to deliver solution.
- Obstacles or issues with delivery that have been identified.
- List of assumptions where information was not available.

II.3) Estimated date of publication of contract notice

27 September 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
