## Procedure

## **Procedure type**

Competitive flexible procedure

## **Competitive flexible procedure description**

This competitive flexible procedure will be conducted in two (2) stages. The two (2) stages are described in more detail below.

### **Stage 1 - Invitation to tender**

- a. Stage 1 will commence with the issuing of a Tender Notice and the publication of the documentation (specification, instructions and invitation to tender).
- b. Tenders must be submitted in accordance with the timetable and instructions set out in the tender pack.
- c. After the deadline for submission of tenders, the Authority will undertake the necessary due diligence checks to assess the submissions for non-compliant tenders (including whether Suppliers are on the debarment list). If any tender(s) are found to be non-compliant, the Authority will notify the Supplier that they will not progress any further in the tender process.
- d. A panel of officers from the Authority will then evaluate and score the tender submissions in accordance with the assessment methodology and award criteria set out in the Tender Notice and documents provided. Based on the written submission weighted scores and pricing weighted scores combined, up to 3 top scoring tenderers may be shortlisted and invited to the second stage (unless they are unable to catch up with scores).
- e. In carrying out this evaluation, the Authority will disregard any tender from a Supplier that does not satisfy the tender instructions. The Authority may also disregard a tender in line with section 19 of the Procurement Act 2023.
- f. Stage 1 will conclude with the Authority notifying the unsuccessful Suppliers of the outcome and that they have not been shortlisted to participate in stage 2.

### **Stage 2: Presentation**

- g. Stage 2 will commence with inviting the successful Suppliers shortlisted at Stage 1 to attend an in person or Microsoft Teams presentation. The focus of the presentation will be a demonstration of the Suppliers eBulk solution and an opportunity for bidders to respond

to evaluation panels questions.

h. Once the presentations have concluded and the evaluation panel score the presentations (in accordance with the assessment methodology and award criteria), the Authority will provide an assessment summary to all Suppliers that submitted final tenders to:

i. inform them whether they have been successful in being awarded the Contract

ii. provide an explanation of the assessment of the Supplier's tender against the relevant award criteria, in accordance with the requirements of the Act

iii. where different to the Supplier concerned, provide information in respect of the most advantageous tender submitted, including details of the assessment of this tender against the relevant award criteria and the Supplier's name

i. Once the assessment summaries have been provided to the Suppliers that participated in stage 2, the Authority will also publish a contract award notice on sell2wales website and the Central Digital Platform to commence the mandatory standstill period (8 working days).

j. Subject to completion of the mandatory standstill period, Stage 2 will end with the Authority entering into the Contract with the preferred Supplier and publication of a Contract Details Notice on sell2wales website and the Central Digital Platform (within 30 days of the date on which the Contract is entered into).

## **Justification for not publishing a preliminary market engagement notice**

Conwy County Borough Council has not undertaken any preliminary engagement with market suppliers. This is due to officers already having a good understanding of the market and the project requirements.
