## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- No tenders or no suitable tenders/requests to participate in response to open procedure

Explanation:

Under Regulation 32(2)(a), contracting authorities may award public contracts by a negotiated procedure without prior publication where no tenders, no suitable tenders, no requests to participate or no suitable requests to participate have been submitted in

response to an open procedure or a restricted procedure, provided that the initial conditions of the contract are not substantially altered and that a report is sent to the Commission where it so requests.

Following an Expression Of Interest to the Commercial Services Framework RM3815, Lot 2 - Contact Centre Services, only two out of the eight suppliers on the framework confirmed their interest to participate.

The authority proceeded to conduct a Further Competition via the Crown Commercial Services Framework RM3815, Lot 2 - Contact Centre Services but only received one noncompliant bid from Serco Limited.

The authority has considered the options arising as a consequence of the above processes and in light of the time sensitive nature of the required services, the authority thereby sets out its intention to award the contract to Serco Limited through the use of the negotiated procedure without prior publication. The authority has undertaken due care to ensure that the conditions of the contract shall be substantially the same as initial conditions of contract previously advertised under the Further Competition, including the scope/specification of the services and all necessary and applicable reports shall be sent to the Cabinet Office.
