II.1.2) Main CPV code

- 72000000 - IT services: consulting, software development, Internet and support

II.1.3) Type of contract

Services

II.1.4) Short description

The objectives of the IYSS Data Management Shared Service are to:

- Ensure that the local authorities can fulfil their statutory duties relating to tracking, supporting the participation of young people and DfE reporting
- Maximise value for money in terms of service cost and quality

To meet the objectives of the IYSS Data Management Shared Service hosted by the council we need to procure a CCIS database (Client Caseload Information System).

CCIS is essentially a local database that provides local authorities (LAs) with the information they need to support young people to engage in education and training; to identify those who are not participating and to plan services that meet young people's needs. It also enables LAs to provide management information to DfE through NCCIS

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £40,968.36
