It is expected that the contract will continue to run on a profit return with no subsidy ~ there is no subsidy associated with the contract. It is appreciated that a level of investment may be identified as a requirement of your bid, and therefore bidders are encouraged to provide details of such requirements by providing detailed information of the equipment necessary. All investment suggested must be fully justified within the Service Development and Finance sections of your Bidder Response. The level of investment provided will be at the Schools’ discretion, subject to the method of obtaining the investment for the required equipment.
